4. To study government scheme benefit to household.
5. To review agriculture production and livestock compliance.
6. To increase rural people livelihood.

Methodology :-

Use of random sampling method for village survey and household survey. One third of the total household in each village are taken family survey. A total of 560 family have been served accordingly out of them 170 out of 500 families in Kathora Gandhi (Bk.) 50 out of 150 families in Rajura, 120 out of 400 family in Mardi, 120 out of 300 family in Nandura and 100 out of 300 families in Bhankheda in survey.

Chapter-4

Situation Analysis

The villages selected for the survey should benefit from the schemes of the Government of India as do not appear to have benefit much a large number of families come under BPL. The only source of income dry land farming. Traditional education facilities, migration in rural area is increasing. Increasing cost of animal husbandry so not developed dairy farming villages need to increase alternative employment and increase income to change the situation of people in rural area.

Chapter-5

Action Plan

Irrigation facilities need to be increased to the income of people in rural areas. This will facilitate per annual farming increase horticulture with cereals, orange, lemon, pomegranate, Peru, Custard apple and Amla etc. There is a need to increase technical education facilities to 10th and 12th class student as well as provide easy credit facilities to small technical business as this will create employment at the local level and reduce migration. In order to increase animal husbandry. It is necessary to provide expert guidance on how to reduce the cost of animal husbandry and also to implement animal husbandry development plan which will help in developing dairy business. If such action taken place in rural areas, people will be employed locally and will have the opportunity to increase income.

Chapter-6

Summary

Problems in term of employment and income in rural areas still do not appear to have improve not much. Providing employment and income generation opportunities to the rural people can improve the condition of the rural people and village.
